TELEPHONE CONVERSATION DDCI and PETER WHITE - ROTARY CLUB SPEECH

Feb 20

Mr. White said he would pick up DDCI at airport.

First on day's agenda would be meeting with editors of two newspapers around 10:15 - 10:30. Go for lunch, then speech following by question and answer period.

Mr. White asked DDCI if it would be possible for him to visit Westminster School in Atlanta, a large and private fully integrated , most of their visitors go over there for visit... primarily college type preparation. DDCI decline this because we don't want to be accused of going around country visiting schools, perhaps bad publicity could come out of our motives.

Mr. White reluctantly agreed to delete this portion of trip. (He might invite some of the students to attend speech instead.)

Rotary speech will be at Marriott - Heritage Room 12:15

Dear General Walters:

Just a short note to let you know that we're still very interested in having you visit Atlanta sometime in the near future. It would be our very great pleasure to provide a luncheon forum at which you might give a presentation.

While in the city, I would also strongly recommend an off-the-record session with our newspaper editors. We do this routinely with important visitors and find the dividends to be considerable.

I know your schedule is a difficult one, but if you can fit Atlanta into your agenda sometime in the near future, we'd appreciate it.

Yours sincerely,

Peter C. White

Dear General Walters:

Unfortunately, I am going to be in Europe during the period in July that you will be in Atlanta. I'm naturally very disappointed because I've been looking forward to having you talk to the membership of the Southern Council.

Do you think that we could arrange a "rain check" for sometime in the early fall -- that is, sometime after September?

Again, many thanks for thinking of us.

Dear General Walters:

Your brother called me last week with the very pleasant news that you might be able to come to Atlanta some time in the future to make a presentation for the Southern Council.

It goes without saying that we would be delighted to have you as our guest. The 13th or 14th, or the 20th or 21st of March would be satisfactory dates from our standpoint. I might suggest a luncheon meeting with the Southern Council which can be either on or off the record, preceded by a background briefing on or off the record with our local editors. In the afternoon, you may or may not want to meet the press. If so, we can also arrange that.

If these dates are unacceptable, Thursday, March 27 would also be a satisfactory date. If you prefer to talk with me about this event on the telephone, I would be delighted to call you at your convenience.

Yours sincerely,

Dear General Walters:

Your brother, Fred and I are neighbors here in Atlanta and he has suggested that the enclosed might be of some interest to you.

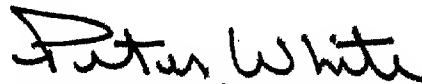

I know you are terribly busy, but I wonder if it might be possible for you to one day schedule a trip to Atlanta to make an off-the-record presentation before one of our luncheon meetings.

We function very much like the Council on Foreign Relations and I know you would enjoy the experience.

In addition to our off-the-record sessions, we conduct two major academic conferences annually. Enclosed is a printed summary from our November session. I am taking the liberty of enclosing our April conference schedule.

It is a long time since our 1969 visit in Paris, so I would enjoy personally meeting you once again.

Yours sincerely,

SUBJECT: Recap of the Activities of the Southern Council

Enclosed is a document that summarizes the proceedings of our November inter-university conference. The Atlanta Forums on National and International Affairs, organized by the Southern Council, are the most important foreign policy conferences held in Georgia. The conference on the Middle East was the fourth in this series; the fifth, held at the University of Georgia under the egis of the Law School, dealt with U. S.-Soviet/Mainland China Trade. It was held this past April. A summary of those proceedings will be ready later in the year.

Our next AFNIA conferences are scheduled for November 1973 and April 1974; the former will deal with Africa, - the latter, Latin America.

IMPORTANT ACCOMPLISHMENTS

THE OFFICE OF A JAPANESE CONSULATE-GENERAL IS ESTABLISHED IN ATLANTA

On August 3 the Japanese Ambassador to Washington, Nobuhiko Ushiba, will formally announce the opening of a Japanese Consul in Atlanta. Because of the AFNIA conferences and the leadership provided by the Southern Council, this office has been opened several years earlier than it would have without our participation.

THE OFFICE OF A CONSULATE-GENERAL OF THE REPUBLIC OF CHINA IS ESTABLISHED IN ATLANTA

The Nationalist Chinese Ambassador to Washington, James Shen, will announce on August 6 the opening in Atlanta of a Consul-General representing his country. The Southern Council was more responsible than any other institution in the establishment of this consulate in Atlanta.

THE ORGANIZATION OF AMERICAN STATES MEETS IN ATLANTA

The single, most important international event ever held in the Southeastern United States will be the 1974 meeting in Atlanta of the OAS. This gathering is being held here because of the joint efforts of Professor Dean Rusk, the Southern Council, the Office of the Mayor of Atlanta, the Governor of Georgia, the Atlanta Chamber of Commerce, and several other local and state institutions and prominent individuals. Attracting this two-week, hemispheric conference is a tribute to a small group of people now working toward the goal of internationalizing Atlanta, Georgia and the South.

Dear General Walters:

You may recall that several years ago it was my very great good fortune to lead a group of Atlanta businessmen and their wives to Europe. It was during our stop in Paris that we met with you and some of your colleagues at the Embassy. Neither they nor I have ever forgotten that memorable event. Your presentation impressed us all very much.

Upon returning to Atlanta, I again had the great good fortune to become acquainted with your brother and since we share the same garage, he and I often discuss you and your slightly fabulous career.

Under separate cover I have forwarded to you some documents concerning the Southern Council - what we do and how we do it. Enclosed with these papers you will find some proceedings of several conferences that we sponsor jointly with the universities and colleges in Atlanta, and, interestingly enough, the Georgia Tech Army ROTC.

These inter-university sessions are the only university level conferences that deal with foreign affairs held in this part of the United States, so their impact here is considerably more than they would be in other parts of the country.

In addition, we have an ongoing series of off-the-record briefings for the business, educational and political leadership of our state.

Because Atlanta is becoming an international city, this organization has taken on the added dimension of working with the Governor's Office, the Office of the Mayor, and the Chamber of Commerce in obtaining for Atlanta Consulate-Generals from various nations of the world. I have enclosed a summary of how we went about getting the Japanese to consider Atlanta and, off the record, I think we will have them here some time next fall on a permanent basis.

All of this leads me up to the point of this letter, which is to extend to you and open-ended invitation to present for our membership and certain selected guests, the next time you are in Atlanta, an off-the-record briefing. During the last several months we have had Secretary Rogers, the Honorable Dean Rusk and the Chinese Nationalist Ambassador and a host of other important people. It would be

Lt. Gen. V. A. Walters, Page Two

a very great pleasure to all of us to have you see fit to deliver an off-the-record presentation. We could decide on the subject after a definite date is set, but I wanted at this time to formally invite you to be with us some time in the future.

With every good wish for a Merry Christmas and a Happy and Prosperous New Year, I remain

Yours sincerely,

Our Speaker's military career began in 1941, when he entered the Army as an enlisted man. He fought in the assault landing at Safi, Morocco, in November 1942, for his part in which he was awarded the Legion of Merit and promoted. Subsequently, he served overseas--mostly in Intelligence--in various capacities, including those of Aid to President Truman, General Marshall, General Eisenhower and General Mark Clark. Later he accompanied President Nixon on several journeys abroad. In 1972 the then Major General Walters was appointed Deputy Director of the CIA and promoted to Lt. General. He has been decorated by the United States and seven foreign countries, and speaks seven foreign languages, including Russian.
